

Eye See...Eye Learn!

Dear Teacher,

Re: Eye See...Eye Learn Program

Your school division has approved the Eye See...Eye Learn program and we look forward to working with you. Our goal is ensure there are no eye health or vision barriers preventing Saskatchewan children from reaching their full learning potential. Championed by "Fribbit" the Eye See...Eye Learn program and staff provide all necessary support materials to minimize any extra workload!

You have been provided with the following tools to make Eye See...Eye Learn work for you and your classroom. The kit contains the following:

- It's As Easy as 1...2...3... Reference Guide
- A Parent/Guardian Package for each of your students
- An Eye See...Eye Learn coloring book and tattoo for every student
- A Classroom Activity Kit, Parent/Guardian reminders, Supply Order Form, Classroom Roster to assist with monitoring and a Sample Newsletter insert can be easily downloaded from our website, under Children's Vision at www.optometrists.sk.ca

For inquiries regarding the program or to order additional supplies contact the Eye See...Eye Learn Program Coordinator at sao@sasktel.net or 306.652.2069 or 1.877.660.3937.

Your support of this program means more students will be able to progress confidently and know that good vision and eye health are important components to learning!
