

# Eye See...Eye Learn!

Your eyes DESERVE an Optometrist

Phase II (August 15, 2009 to December 15, 2009)

Dear Kindergarten and Pre-Kindergarten Teachers,

Re: Eye See...Eye Learn Pilot Program

Your school division has approved the Eye See...Eye Learn pilot program and we look forward to working with you. Our goal is ensure there are no "eye health or vision barriers" preventing Saskatchewan children from reaching their full learning potential. Championed by "Fribbit", the Eye See...Eye Learn program and staff provide all necessary support materials to minimize any extra workload!

You have been provided with the following tools to make Eye See...Eye Learn work for you and your classroom. The kit contains the following:

- It's As Easy as 1...2...3... Reference Guide
- A Teacher's Guide to Mitigating Perceived Barriers
- An Eye See...Eye Learn Classroom Tracking Sheet
- A Parent/Guardian Package for each of your students
- A "Fribbit" poster for your classroom
- An Eye See...Eye Learn coloring book for every student
- A Parent/Guardian Reminder Notice
- A sample Newsletter Insert
- Contact information for your Eye See...Eye Learn Program Coordinator
- A Classroom Activity Kit can be easily downloaded from our website at [www.optometrists.sk.ca](http://www.optometrists.sk.ca)

You are encouraged to contact us at any time to ask questions or to order additional supplies at [sao@sasktel.net](mailto:sao@sasktel.net) or 1.877.660.3937.

Your support of this program means more students will be able to progress confidently and know that good vision and eye health are important components to learning!

Please refer to the "It's As Easy As 1...2...3... Reference Guide" for program instructions.
